

The Retro Connection is not your every day bar band. TRC hits the stage with the music you really love, faithfully played note-for-note with an unmatched energy. With over five years of experience together, TRC will bring you Motown, 80s classics, the 90s music that raised us and all the newer jams that get us fired up. And don't be surprised if you catch one of our funk-fusion originals in the mix. Sing along, dance and raise your fist in the air - TRC has it all for you.
